MILLIONS OF WOMEN WILL VOTE NEXT FALL UNLESS ACT SET ASIDE

Court Action Threatened
To Withdraw Rati-
fication.

ANTIS WILL FIGHT
Decision Of Tennessee Leg-
islature To Be Hotly
Contested.

Nashville, Aug. 19.—Action of the
lower house of the Tennessee legis-
lature in ratifying the federal woman
suffrage amendment made Tennessee
the thirty-sixth state to approve the
amendment, which lacks only formal
certification by Secretary Colby of
the state department to complete its
acceptance by the nation.

There is still a possibility that the
house may rescind its action. At the
last moment Speaker Walker, leader
of the anti-suffrage forces, changed
his vote from no to aye, paving the
way for a motion to reconsider. Un-
der house rules he can present such a
motion within the next two legisla-
tive days.

Should the vote be confirmed or
the house fail to take further action
before adjournment Friday, millions
of women will be free under the
amendment to vote in the presiden-
tial election next November. Only
successful litigation contesting the
legal right of this legislature to ratify
the section could prevent them.

Steps for such a test of the provi-
sion of the Tennessee constitution in-
volved already have been taken by
the Tennessee Constitutional league.

Ninety-six of the 99 members of
the house were present when the
amendment was ratified, and the
alignment, until a vote on concur-
rence was taken, was a tie, each fac-
tion polling 48 votes on a motion by
Mr. Walker to table the resolution.

On the ballot for concurrence the
measure was 49 to 47 until the speaker
changed his vote.

The motion to reconsider may be
carried by a majority vote of the
members present, and since Mr.
Walker can act without a moment's
notice, the suffragists planned to be
on hand in full force during the re-
mainder of the session.

Suffrage leaders said they expected
no defections from their forces, but
as a precaution are tightening their
lines, while opposition leaders are
waging an active campaign to in-
crease their strength for a final ef-
fort.

PONZI ARRAIGNED WAVES EXAMINATION

Boston, Aug. 19.—Charles Ponzi,
\$15,000,000 "get rich quick" man,
waived examination before U. S.
Commissioner Hayes when arraigned
in federal district court today on
charges of using the mails to de-
fraud and was held for the September
term of the grand jury. In default
of the original \$25,000 bail he has
returned to East Cambridge jail.
Ponzi was heavily guarded but his
arraignment was attended by no
demonstration among the spectators.

HARDING TO DELIVER SMASHING REPLY TO COX

Senator Will Make Response To Governor's Recent
Reference To "Sensational Oligarchy";
Making That His Keynote

Marion, O., August 19.—Senators
Arden G. Harding, Republican nomi-
nee for president, will start to strike
out hard at Governor James M. Cox,
his Democratic opponent, today in a
speech he will deliver from his front
porch here to former and present
members of the Ohio state assembly
who were seated at his headquarters.

The senator will make a smashing
response to the governor's recent re-
ference to the "sensational oligarchy."
He will declare his policy, if he is
elected president, and that of the
Republican party, will be an invari-
able recognition of the constitu-
tional right of the United States sen-
ate to help determine, as the treaty-
ratifying branch of the United States
Government, the foreign relations of
the American people.

He will touch by inference on the
league of nations issue although
he has decided to more fully discuss
that phase of the campaign in an ad-
dress he will deliver here on August
28 to a large delegation from Indian-
apolis and other Indiana points.

The keynote of his address today
will be that the senate has every
right to decide whether the treaty
of Versailles was to be ratified, with-
out reservations, having been

U.S. AND FRANCE IN ACCORD WITH POLISH FUTURE

Nations Agree In Principle
As To Policy Toward
Russia.

COLBY ISSUES WORD

Bolsheviki Condemned In
French Note To
America.

Washington, Aug. 19.—In a formal
statement, Secretary Colby declared
that the American and French gov-
ernment are in entire agreement in
principle as to the future of both Po-
land and Russia.

Colby's statement accompanied
publication of the translation of the
French note which was delivered to
the state department Aug. 14 by
Prince de Bearn, the French charge.
France's declaration "of its opposi-
tion to the dismemberment of Rus-
sia" is "most gratifying," Mr. Colby
said, and added: "The response is a
notable declaration from every view-
point and brings to the position taken
by the United States a striking em-
phasis and powerful support."

The secretary of state referred to
French recognition of General Wrangel
in south Russia as a "divergence"
between the two governments on one
point, but said the United States was
"disposed to regard the declared
agreement of France with the prin-
ciples of the United States as of
more significance than any diver-
gence of policy involved in the spe-
cific action of France in this single
respect."

The French note declares that the
French government "is of the same
opinion" as the American govern-
ment "concerning the present rulers
of Russia," and proceeds to condemn
the Bolsheviki in language almost
identical with that employed in the
American note to Italy.

Asserting that France is in "com-
plete accord" with the United States
as to "the necessity for an indepen-
dent Polish state," the note adds:

"This is why there is agreement
between the French government and
the American government to encour-
age all efforts made with a view to
bringing about an armistice between
Poland and Russia, while avoiding
giving to the negotiations a charac-
ter which might result in the recog-
nition of the Bolsheviki regime and
dismemberment of Russia."

"By this recognition once is re-
garded here as joining with the United
States in opposing any negotia-
tions with the Bolsheviki such as
had been proposed by Great Britain
in the once projected London confer-
ence."

made by the United States constitu-
tion an integral part of the executive
branch of the government by being
vested with the power to ratify or
reject all treaties negotiated with
foreign nations by the president and
the state department.

The senator will also declare
against "one man power" at Wash-
ington, and pledge himself, if he
enters the White House, to not only
consult with the senate in the mak-
ing of treaties and of diplomatic ap-
pointments, but to always keep in
mind the constitutional prerogatives
of that body in the fixing of his
country's attitude on any foreign
question or situation.

COOLIDGE HAPPY OVER RATIFICATION

Boston, Aug. 19.—Governor Cool-
idge, Republican vice presidential
nominee, was smiling with elation
over the final suffrage victory when
greeted by friends here today.

"I can only repeat that I am pleas-
ed," was his comment on Tennessee's
action.

RUSSIAN ARMY FLUNG BACK BY POLES

RATE BOOSTS NOT ALLOWED IN OHIO PASSENGER FARES

Passenger Fares to Remain
at Three Cents Per
Mile.

COMMISSION'S ORDER

Freight Rate Increase Held
To Forty Per Cent
In State.

Columbus, Aug. 19.—Ohio passen-
ger rates, milk rates, excess baggage
rates and surcharges on Pullman car
fares will remain the same as far as
they concern intrastate traffic. This
was announced by the state public
utilities commission, following the
conclusion of the hearing of an ap-
plication filed by the railroads seek-
ing to have intrastate rates made
conformable to the higher rates re-
cently granted by the interstate com-
merce commission on interstate traf-
fic.

The only action taken by the com-
mission was to allow the carriers to
file their schedules of increased
freight tariffs with the commission
under a suspension of the statutory
rule, making the intervening period
five days instead of 30 days in which
the new rates may become effective.

Should any of the new rates exceed
the 40 per cent maximum, the com-
mission held, they will be suspended
at once. This provision was regarded
as a victory for southeastern Ohio
coal interests, who contended at the
hearing on the new rates that reten-
tion of a flat differential between
Ohio mines and those of other states
would mean as much as a 52 per cent
increase in Ohio rates.

The ruling on passenger rates was
based upon the Pearson act, effective
last May, which makes 3 cents a mile
the maximum fare permissible in
Ohio. Charges for excess baggage
were held by the commission to be
so closely interrelated to passenger
fares that changes should not be
made on one without the other.

Alfred P. Thom, general counsel
for the Association of Railway Ex-
ecutives, has announced that, in the
event of the refusal of any state com-
mission to increase intrastate rates
to the level of interstate rates, ap-
peal would be made to the interstate
commerce commission to overrule the
state body.

PLAN FOR PUBLICITY OF CAMPAIGN FUNDS PROPOSED TO PARTIES

Kenyon Suggests Program
To Leaders Of Both
Parties.

Washington, Aug. 19.—A plan for
a compromise agreement between
the Republican and Democratic par-
ties in the matter of probing cam-
paign expenditures will be proposed
by Senator William S. Kenyon of
Iowa, chairman of the senate com-
mittee created to uncover evidence
of political corruption in campaign
contributions and disbursements. The
committee has been called to meet
at Chicago Aug. 23. Senator Kenyon
proposed that an agreement shall be
reached between Chairman Hays of
the Republican national committee
and Chairman White of the Demo-
cratic national committee whereby
each of the national committees shall
submit to his (Kenyon's) committee
every two weeks during the cam-
paign a complete statement of re-
ceipts and disbursements during that
period, and that 10 days before the
election each national committee
shall submit in complete form a sum-
mary of all receipts and disburse-
ments from the beginning of the cam-
paign up to that time, so that the
voters before going into the booths
shall be informed as to the financial
transactions of both parties.

NO CHANGE IN PRICES FOOD COMMODITIES

Washington, Aug. 19.—There was
no change in the general average of
prices of 22 principal food commodi-
ties from June 15 to July 15, the
bureau of labor statistics announced
this afternoon.

Increases of from 6 to 7 per cent
in the prices of meat and eggs are
shown in the report but these in-
creases are offset by decreases of
from 1 to 17 per cent in vegetables
and cereal commodities. Statistics
were published in 51 principal cities.

ENGLISH WOMEN ARE MOST BEAUTIFUL

Firm in the belief that the
English girl is the most beauti-
ful in the world, E. O. Hoppe,
noted English artist-photograph-
er, arrived in this country recent-
ly to find and photograph the
five most beautiful women in
America to compare them with
the five women whom he consid-
ers the most beautiful in Eng-
land. These are the Viscountess
Curzon, Lady Dianna Duff-Cooper,
Viscountess Massereene, Lady
John Lavery and Millicent,
Duchess of Sutherland. Vis-
countess Curzon and Lady Duff-
Cooper who was the former Di-
anna Manner, often called the
most beautiful girl in England,

MARTIAL LAW PROCLAIMED IN UPPER SILESIA FOLLOWING CLASH WITH FRENCH

Twenty German Soldiers and Civilians and Thirteen
French Soldiers Killed In Outbreak Between
Strikers and Guards

Berlin, Aug. 19.—Twenty German
soldiers and civilians and 13 French
soldiers have been killed in fighting
between mobs and French troops at
Kattowitz, in Upper Silesia, accord-
ing to an unconfirmed report pub-
lished today by the Taegische Rund-
schau. The trouble broke out when
workers who had gone on strike in
protest against the Russo-Polish war
attacked the French.

Martial law has been proclaimed at
Kattowitz. Feeling runs high and a
general strike throughout Upper
Silesia is threatened, according to
Abenblatt.

tunity of obtaining these articles.

SCALE COMMITTEE ADJOURNS WITHOUT REACHING DECISION

Miners Confer On Future Procedure; Will Not Strike.

Cleveland, O., Aug. 19.—Failing to
reach an agreement upon the per-
centage of increase to be given men
employed on a daily basis at mines
in the Central Competitive bituminous
coal district, the joint scale com-
mittee adjourned late last night.

Miners officials will hold a caucus
this morning at 10 o'clock to decide
what further steps will be taken to
enforce their demands. There will
be no strike, regardless of the out-
come, was the positive statement
from union headquarters today.

Increases of from 6 to 7 per cent
in the prices of meat and eggs are
shown in the report but these in-
creases are offset by decreases of
from 1 to 17 per cent in vegetables
and cereal commodities. Statistics
were published in 51 principal cities.

REDS THROWN BACK 25 MILES BY SMASHING OFFENSIVE OF POLES

Warsaw Celebrates Great Victory Against Bolsheviki
As City Is Saved From Capture By Russian
Armies By Triple Offensive.

HOPE OF SAVING CAPITAL WAS GIVEN UP

Polish Forces Mass Armies For Mammoth Assault On
Reds, Smashing Enemy Lines For Distance Of
25 To 50 Miles From Warsaw.

Warsaw, Aug. 18.—via London, Polish
forces under General Pilsudski
has driven in the enemy lines be-
tween the Wieprz and Narw riv-
ers to a depth of from 25 to 50 miles.
We have reached Parovot.

"In the region of Nove Gorgevsk
we have cleared the right bank (of
the Vistula river.) On the lower
Narw river the forts at the con-
fluence of the Narw and Bug riv-
ers were retaken from the Reds. In
the direction of Malva we have ad-
vanced beyond Ciechanof. The
Russians hastily retreated."

Warsaw is joyously celebrating the
great victory over the Russians
which came at a time when even the
most optimistic had about given up
hope of saving the capital. Since the
dramatic turn in the military situa-
tion the people have thrown off their
gloom. French army officers who
are taking part in the fighting are
given enthusiastic greeting as they
pass through the city.

MAN AND GIRL ARE DROWNED IN MIAMI RIVER WEDNESDAY

Nephew Of J. Thorb Char-
ters and Miss Ethel Lar-
sen Are Victims.

George Charters, 25, of Cleveland,
nephew of City Commissioner J.
Thorb Charters of this city, and Miss
Ethel Larson, 17, of Cleveland, who
were visiting at the Charters' camp
along the Miami river near West
Carrollton, were drowned while swim-
ming in the river at the West Carroll-
ton dam Wednesday afternoon.

Searchers recovered the body of
Miss Larson early Wednesday even-
ing and the body of Charters was re-
covered later. J. Thorb Charters
went to West Carrollton immediately
after receiving word of the drowning.

Miss Larson, with her sister, Caro-
line, have been visiting Mr. and Mrs.
George Charters, who have been
camping along the river bank. The
party was in swimming when Miss
Ethel Larson ventured beyond her
depth. Her cries for help brought
Charters but as he attempted to aid
her, she clutched him about the neck,
causing both of them to sink.

Charters was recently married, and
he and his wife have been making
their home with Mr. Charters' par-
ents. Mr. and Mrs. Robert Charters
at 6613 Grant Avenue, Cleveland.

Besides his wife, he leaves his par-
ents, who were summoned immedi-
ately, and arrived in West Carrollton
Wednesday night, one brother,
Arthur at home, and two sisters, Miss
Kathleen at home and Mrs. Stanley
Boltz of Cleveland.

The Misses Larson resided on
Northview Avenue, Rocky River,
Cleveland.

COURT WILL ARRANGE FOR CARE OF CHILD LEFT AT GOES HOME

Judge J. C. Marshall of the juvenile
court will make arrangements to care
temporarily for the eight months
old girl, who was left Tuesday night
at the home of Mr. and Mrs. John
Bryant at Goes Station.

Grace Spurlock of Dayton, said to
be the mother of the child, who car-
ried the baby into the Bryant home
and after placing it in bed with Mrs.
Bryant, fled, has not been located.

Sheriff L. Funderburg investigated the
case Wednesday afternoon, after
the Bryant's had complained to Judge
Marshall that the child was left at
their house. To the officer the Bryant's
admitted that here had been a
relationship between their 19 year
old son, Lewis, and the mother of
the child, but denied that they had
ever been married.

The baby was born in Xenia, and
for that reason responsibility for
looking after the child falls upon the
local juvenile court. Last Febru-
ary the baby's mother filed an af-
fidavit in juvenile court here against
Lewis Bryant charging non-support
of the child she left Tuesday with his
parents, and signed her name Grace
S. Bryant. The case was not prose-
cuted.

CONSERVATIVES IN GERMANY TRY COUP

HEAD OF BOLSHEVIK MISSION PREDICTS WARSAW WILL FALL

Breaks Pledge Of Silence
Imposed By British
Government.

London, Aug. 19.—Breaking the
pledge of silence which was imposed
upon him by the British government,
M. Kamenoff, head of the Bolsheviki
trade mission today gave an exclusive
interview to the International News
Service in which he made the pre-
dictions that the Russians eventually
will capture Warsaw and defeat Gen-
eral Wrangel, whose de facto gov-
ernment in southern Russia has just
been recognized by France.

"Soviet Russia cannot be beaten,"
declared the Bolsheviki official. "We
will take Warsaw. There is no doubt
in my mind on that. We are not
afraid of the allies intervening. They
supported Admiral Kolchak and he
was beaten. They supported General
Denikin and he failed. Even if they
support General Wrangel he will be
beaten. It would be much better for
the allies if peace were signed now."

M. Kamenoff refused to clarify this
veiled threat. Upon being asked if
the Russians were determined to
"sovietize" Poland, M. Kamenoff made
denial, adding:

"If the Polish people want a rev-
olution we would be glad to see it, but
we would wash our hands of it."

Asked if Moscow were urging the
Polish workers to rise, M. Kamenoff
shrugged his shoulders and
smiled.

M. Kamenoff was asked if he
thought the interview would be re-
garded as propaganda and a violation
of the Russians' promise to the Brit-
ish government.

"I will let the inference stand."
The Russian would not make any
prediction as to the outcome of the
Russo-Polish conference at Minsk, but
said there would be an obstacle if
Poles accepted the French view.

M. Kamenoff is short and stout and
stylishly dressed. His nails show the
careful attention of a manicurist. He
does not look like the popular concep-
tion of a Bolsheviki.

PITTSBURGH MAN HELD AS FAKE U.S. OFFICER

Dayton, O., Aug. 19.—Joe Miller,
Pittsburgh, thought to be the man
who, representing himself as a U. S.
revenue man hunting a still, entered
the home of Joe Navratil last win-
ter and got away with \$1,150, was
arrested by a squad of police today
and hurried back to Kittering, Pa.,
where he is wanted for burglary and
larceny. With him was Thomas
Jamis, 67, Pittsburgh, said to be re-
cently out of penitentiary. He is
held on suspicion. Following the
Navratil job, the pair went to
Greensburg, Pa., where they were in
a running gun fight, one of them,
Steve Jamis, was shot and captured.
When the men were taken here today
four revolvers were found in their

AUTOMOBILES KILL THREE TIMES MORE PEOPLE THAN THE RAILROADS.

The so-called "perils" of aviation do not compare with the devastating automobile menace which is exacting a terrible toll of human life throughout America today.

"Reports dealing with the development of the airplane just received from England show that 75,000 persons were carried upon aerial journeys in that country during the last year with very few accidents and but one fatality."

"Statistics for the current year in this country show that three times as many people are being killed by automobiles as in all the factories, mines, railroads and other industries in America."

"One person is killed by an automobile in the United States every thirty-five minutes, and the menace is growing all the time, almost in proportion to the increase of the machines in use."

"It is estimated there will be 10,000,000 automobiles in this country by the end of 1920, and the number probably will continue to grow tremendously."

"Chicago automobile deaths during the first six months of this year were 25 per cent greater than during the previous year, despite all the efforts put forth by those in authority to decrease the peril."

Some of our automobile visitors tell that they had been warned against Xenia as a place where "they have a speed agent who is on the make to gather in big fees regardless of honesty." Of course this isn't so, but law violators, who have been "pinched," are not proverbial as truth tellers.

If there is anyway in the world to lessen the frightful "killing" by people who want to fly in autos at breakneck speed, let the way be found, and the law be enforced.

It is shameful that the rights and lives of pedestrians should be so continually endangered, to gratify the whims of people running engines like race horses on a speed track. For this is the cause of nine-tenths of the automobile collisions.

We have heard that one of our leading citizens never runs his machine in town any faster than he could drive a horse. Of course he is never going to kill anybody. We honor him for his caution and good sense.

AH HA, SUGAR HOARDERS FALL INTO THE TRAP SET FOR THE PUBLIC.

The sky is growing a little—just a little—brighter for the poor old ultimate consumer. Tiny rays of hope are peeping through the high price clouds.

The cost of sugar is dropping, due to hoarders being forced to put their stores on the market.

The slipping of the sugar hoarders and speculators into the trap which they thought they were setting for the public when sugar was at its highest is given by the manager of the food department as the reason for the recent sensational decline in the price of that commodity.

He explained that in their greed the speculators had overreached themselves by holding on to their stock too long.

The majority of the sugar speculators who are now being forced to disgorge their stocks for any price they can get are not persons who generally deal in sugar alone, but wholesale grocers and large confectioners who used their ability to buy large quantities of sugar from the refiners to pile up large stocks when the country was panicky over the ever-rising price.

The lack of capital and the daily piling up of the cost of storage is forcing them to sell. Wide-awake buyers, being alive to the situation in which the over-optimistic hoarders now find themselves, are refusing to buy from them unless they sell at a price which is even lower than that of the refiners. Therefore the public is being treated to the pleasing experience of being able to buy sugar for less.

The stocks held by the speculators are so large that retailers count on being able to continue buying and selling their sugar until the refiners' prices fall to a competing level.

Dispatches from Havana say that Cuban sugar growers were becoming so alarmed at the fall in the price of their product that, in spite of legal restrictions forbidding such action, they intend to combine to keep up the price.

THEY MADE A BIG FUSS OVER HIM IN PRE-CONVENTION DAYS, BUT NOW BOTH PARTIES WHIZ BY WITHOUT EVEN OFFERING TO GIVE HIM A LIFT.

"TED" MEREDITH HAS OLDTIME FORM

Antwerp, Aug. 19.—James E. "Ted" Meredith, famous American middle distance runner, proved here today that he has some of his old time speed left when he qualified in his first trial at the 400 meter run and then again placed in this event in the semi-final. He will be one of the four Americans to start in the final tomorrow.

Three other Americans opened the day by placing in the trials and semi-finals of this event. They are Frank J. Shea, U. S. Navy; R. S. Emery, Chicago A. A. and G. S. Schiller, Los Angeles A. A. The worst weather for the present Olympics greeted the athletes today. The air was decidedly muggy.

GOVERNMENT.

Wise government can do a lot to brighten up our days; wise government will hit the spot in fifty-seven ways. And still we'll have to buckle down and saw our share of oak, if we'd have credit in the town and not be always broke. Good government will help us all, if we should help ourselves, and we'll have pictures on the wall, and pies upon the shelves; and we're secure in what we own of land or hay or gold, and when we earn a shining bone, it's ours, to have and hold. And we're protected in our car, and in our bed, at rest; good government will go that far, when it is at its best. But it won't take the place of toil, by which the prudent thrive; it will not hoe the weedy soil, or keep the corn alive. I don't depend on man made laws to help me dodge life's ills; the smoothest law that ever was won't pay my monthly bills. The noblest statute in the book won't keep the wolf away, or buy a sack of spuds to cook, if I loaf round all day. I leave my shack at morning, bent on hours of useful toil; I don't depend on government to make the kettle boil.

club, Boston, was the only American to qualify for the 10,000 meter run. A. Pateonja the Indian from Haskell Institute, Lawrence, Kas. quit.

MOTHER OF MILTON KATZ DIES WEDNESDAY

Mrs. D. Katz, mother of Milton Katz, local clothing merchant, died at her home in Avondale, Cincinnati, Wednesday, according to a telephone message from Mr. Katz to this city Thursday morning.

Mr. and Mrs. Katz were in Buffalo visiting relatives when they received word of the death of Mr. Katz' mother, and Mr. Katz immediately went to Cincinnati. Funeral services will be held at the late home, 818 Cleveland avenue, Avondale, Friday afternoon at two o'clock.

Mrs. Katz had been in failing health for some time. Her husband has been dead for many years. She is survived by the following children: Milton Katz, of this city; Leo, of Columbus, and Sidney, of Chillicothe, all three owners of the chain of Katz clothing stores; Mrs. Mike Cohen, of Buffalo; Mrs. Wertheimer, Mrs. Lawrence Bloom and Mrs. Wallenstein, all of Cincinnati.

The Katz clothing store in this city will be closed until after the funeral services.

Kingston, Jamaica, August 19. — In consequence of the alarming development of chicken pox in various parts of Jamaica there is a likelihood that the Prince of Wales will not carry-out his proposed visit to the colony next month. Final decision will be made this week.

BANDITS MAKE \$8,000 HAUL

Cleveland, Aug. 19.—Three armed bandits held up L. J. Sadler treasurer of the Cottage Creamery Co., in the heart of the downtown commission district and escaped with \$8,000. Sadler was taking to a bank. One of the bandits fired three shots as he fled but no one was injured.

GREENSBURG BANKER MAKES INTERESTING STATEMENT

Tells How Two Years of Trouble Was Relieved When Nervousness Overcame His Nervous and Stomach Ills.

"For two years I had stomach trouble," said Nicholas Long, of the Merchants Trust Co., Greensburg, Pa. "As a result of this stomach trouble I was nervous and could not sleep, and I was very weak and practically in a down and out condition. I doctored and tried all the remedies I could find in an effort to get relief, but it was without avail until I purchased a bottle of Nerv-Worth.

Then my stomach trouble disappeared. I eat well, and I digest my food. I am sleeping fine. I certainly recommend Nerv-Worth to others." You will find, as this gentleman found, that Nerv-Worth gives relief when others fail because it scientifically treats both stomach and nervous derangements. It has been found that where stomach trouble exists, nervous ills are usually present. Nerv-Worth, by acting on both the nerves and stomach, quickly gives the desired results, and aids toward restoring health. It first rearranges the stomach, by neutralizing excess acids, stopping the formation of gas, sweetening the stomach, aiding assimilation, stopping fermentation, and helping the whole digestive tract. It also aids nerve force, gives sound restful sleep, relieves dizziness, and other nervous afflictions, and thus, by this combined action, aids in restoring health and vigor to the sufferer. Give it a trial, and be convinced. If your first trial bottle does not benefit you, your money will be refunded. Sold on a money back guarantee by Sayre & Hemphill and all leading druggists everywhere.

The Chiropractic Idea

(Ki-ro-prak-tik)

Chiropractic philosophy maintains that the source of all energy is vested in the creator of the universe and terms it UNIVERSAL INTELLIGENCE. The part of that intelligence which controls the body is known as INATE INTELLIGENCE.

It is inate intelligence that causes the body of the new-born babe to perform its normal functions, such as breathing, beating of the heart, etc.

This little known, intangible "something" that generates itself through the brain as a medium is transmitted via spinal cord and nerve fibers to every organ, tissue and cell in the body.

There is only one place in the entire body that this vital energy, technically known to the Chiropractor as mental impulses, can be interfered with in its transmission. That place is the foramina or small opening where the nerves emit from the spine.

The spinal segments SLIP out of position, due to the severe strain man exerts on his spine by lifting, twisting, pulling, falling and numerous other things from childhood to old age. This causes pressure which interferes with the transmission of the MENTAL IMPULSES. The organs, tissues and cells which are supplied by these nerves are deprived of the nerve energy which Nature intended them to have. Dis-ease is the direct result of this interference.

Here is where your Chiropractor comes in. By carefully palpating your spine by means of his sensitive finger tips he locates the segment or vertebrae which is out of alignment or subluxated. If any doubt exists as to the exact situation of the vertebrae in question he resorts to the X-ray picture of the spine or the SPINOGRAPH. This shows as well as the Chiropractor the exact condition of your spine.

By a quick, skillful thrust with his bare hands applied to the vertebrae he finally adjusts the segment to normal position and Nature again is permitted to transmit her forces unhindered. Normal function of the diseased part is then resumed and Health results.

CHIROPRACTIC is safe, sane and sure. See your Chiropractic today.

POLAND BREEDERS WILL HOLD PICNIC

Big Type Poland China Breeders of Greene and Clinton counties will hold their first picnic at the A. B. Lewis Grove near Bowersville Thursday, August 26.

All Poland China breeders in either this or Clinton county are invited to be present by E. E. Finney, secretary of the Breeder's Association. There will be an afternoon program of speeches, races, games and contests. It is estimated that there are at least fifty Poland China Breeders in Greene county, and joined with the Clinton County Breeders it is expected that a large crowd will attend the picnic.

JAMESTOWN

Mrs. Alpheus Skyles and two daughters, Misses Sarah and Louise, will start in a few days for a three weeks' visit in New York City with Mrs. Skyles' son, Russell Bradds, and family.

The Rev. William P. O'Connor, commander of Wilbur H. Thomas Post, of the American Legion, will represent the Jamestown Post at the State Post Convention which meets at Youngtown on the 23 and 24 of August.

Jane, the little daughter of Mr. and Mrs. James Johnson, is recovering from a painful accident which was caused by her falling out of an automobile in Xenia, in front of the Manhattan restaurant. The door of the car was not securely fastened, which she pushed open, and the bottle of milk which was in her hand, broke on the pavement, badly cutting her face. She was rushed to the McClellan hospital where Dr. Ben McClellan extracted the pieces of glass which had entered her right cheek. He dressed the cuts. It was fortunate that none of the pieces of glass penetrated her eye. The child is seven-months old.

Mrs. Uriah D. Paulin was the guest of relatives at Cedarville, and of friends in Dayton last week.

Miss Hazel Charles, of Bowersville, is spending several days with Pearl Wallace.

The annual reunion of the Glass family will be held this year at Snyder Park in Springfield, on Thursday, the 26th.

Mrs. Lucinda Tidd returned to her home at Hartford, Ind., after spending several weeks in Jamestown with her sister, Mrs. Benjamin Bryan.

The members of the Bible school of the Jamestown M. E. church will have a picnic on Tuesday, the 24th, at Snyder Park, at Springfield.

Mr. and Mrs. W. A. Alsodg and two children, Judson and Gertrude, of Johnstown, O., are guests this week of Mrs. Jesse Taylor. Mr. Alsodg is secretary of the Ohio Good Roads Federation.

W. F. Harper, the druggist, as a delegate, attended the Democratic State Convention at Columbus.

BOWERSVILLE TO GIVE CHAUTAUQUA THREE DAYS NEXT WEEK

The Bowersville Chautauqua Festival which will be held August 23, 24 and 25 at that place, is promising an interesting program for the three days.

On the first day the Colonial Maids will present the opening musical program in the afternoon and will again appear on the evening program. In the evening they will divide attention with Charles C. Keith, who will deliver his lecture, "Men of Tomorrow." Four girls comprise the Colonial Maids and their musical program is varied.

On the second day the Metropolitan Male Trio open the afternoon program and will furnish the entire evening program of musical numbers, both vocal and instrumental, featuring in the evening, "Organ Chimes." Three good vocalists are in the company. In the afternoon of the same day Margaret Allen Hall will lecture on the subject, "Feeding the Family."

On the third day the Brownell Concert Company will open the program and will appear again in the evening dividing the program with the lecturer, Samuel Cranston Benson, who will speak on "The Self-Discovery of a People." There are four people in the Brownell company of music makers, two men and two women making up the company.

Tickets are now being sold for the affair which is under the management of the Civic Chautauqua Festival Association of GreenCastle, Ind.

TOO MUCH ROOSTER! CAR IS DITCHED

As a chicken chaser, Jasper Denham, Spring street, is a good railroad engineer.

Mr. Denham caught the rooster in the rooster race at the annual Masonic Picnic at Kilkare Park Wednesday afternoon, but later his hankering for the springer which carried him through thick and then almost caused him disaster.

Driving home from the Park in his machine the rooster attempted to get-away as the machine was starting up Lucas Hill. Mr. Denham released the steering wheel to retain his hard-earned poultry and one second later found the machine in ten foot of weeds in the deep ditch at the side of the road. The car did not turn over and with the aid of passers-by was pushed back in the road. No one was injured.

Are the Best Tires too good for the Small Car Owner

EVERYBODY agrees that it is generally desirable for merchandise to be graded.

A good principle that often comes out at the wrong end for the car-owner—the man with the upkeep on his mind—the tire bills to pay.

He feels that tire economy should be a personal contract with the tire-user. Not a transaction with his car, whether it be big or small.

Reasoning tires in human terms instead of trade custom has written this policy for the United States Rubber Company—

Build all tires to one

standard and let the tire user choose his own size.

When the oldest and largest rubber manufacturing concern in the world focuses all its resources upon one grade, one quality, it makes one client—and that is the whole public.

This single ideal is visible in any U. S. Tire factory, at any U. S. distributing branch, in any U. S. dealer's store.

Seeing that the tire-user gets his economy mileage along with an unlimited guarantee.

Policies are harder to make than tires.

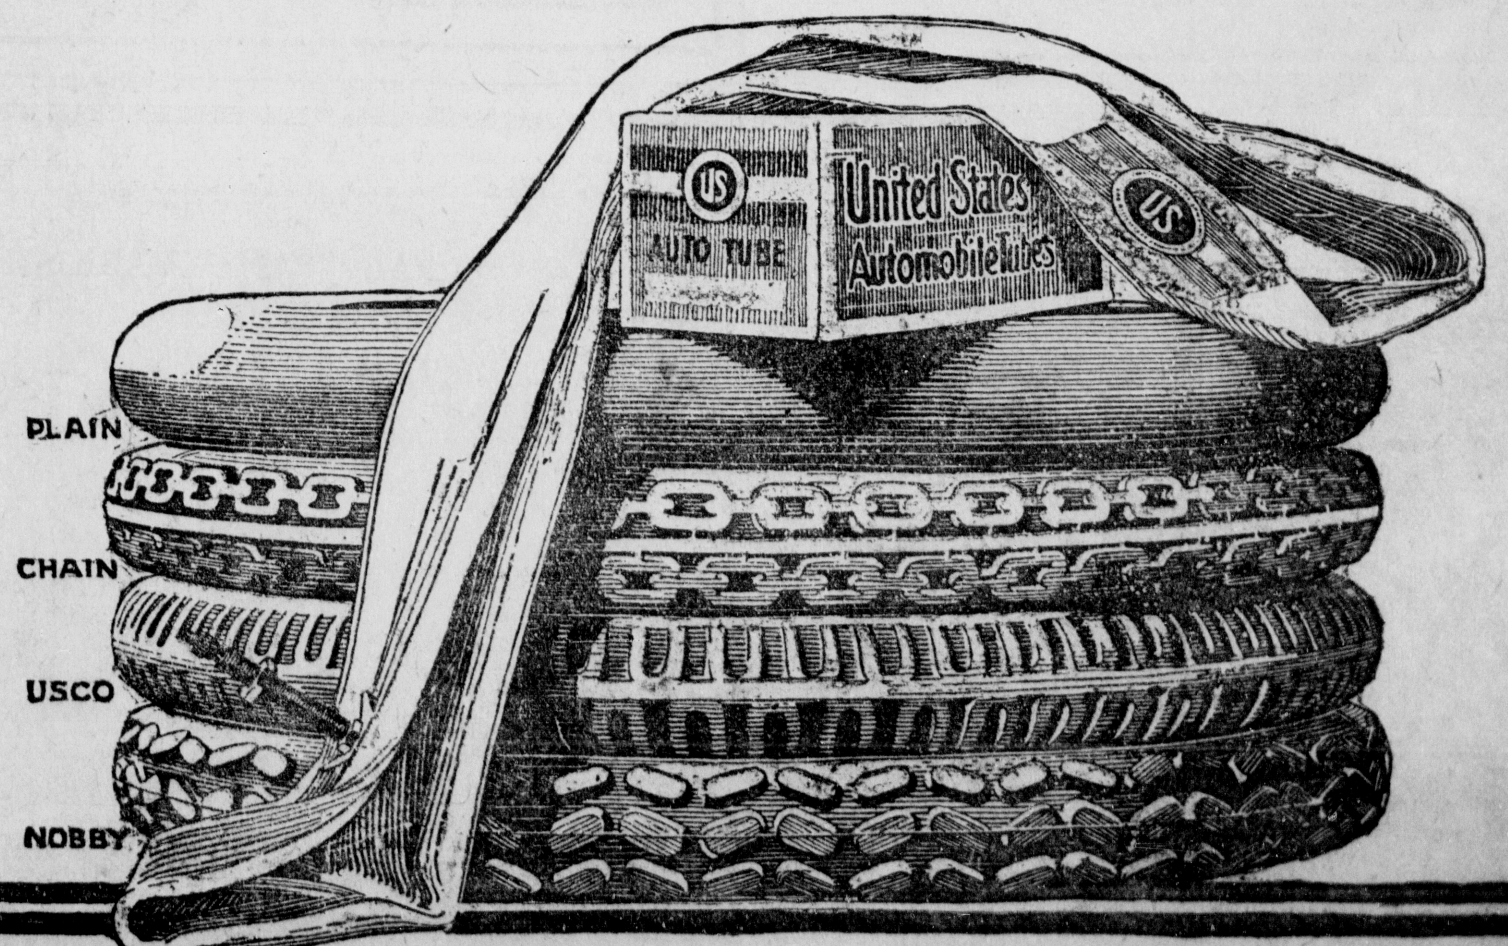

Probably the deepest reason why U. S. demand keeps always ahead of the number of tires the U. S. makers can supply.

WITH THE WOMEN OF TODAY

By Edith Moriarty

The "idle rich" and all persons of large property holdings in the United States must go to work if Bolshevism is not to grip America, Mrs. Seth Barton French, prominent in New York society, who has been engaged in war work abroad for the last five years, declared recently before sailing for Europe.

Mrs. French said it was her intention to return next spring to engage in business herself. Owing to the fact that her arrangements are not yet complete, she would not discuss her plans, but said emphatically that it was time for those with money to get busy and correct the wrong impression now existing in this country concerning those who are favored with the good things of life.

"Although I have only been here a short time on private business, I have found out that there is a wrong attitude here toward Bolshevism," she said. "While I hold no brief for it, it is generally understood here to stand for murder, rapine and seizure of private property. Many fail to see that it is only a sort of advanced Socialism, and that it must be examined from that angle. The people in America must wake up."

"When people see a high-powered car at a speed endangering the lives of children of workers, playing in the streets, they are making Bolshevists, and making them fast, for the workers do not see why the rich are not working as they are. It is time that young men who are spending the wealth made by their fathers wake up to the danger that is threatening."

"America has made great wealth from the world war and has suffered but little in comparison with England and France, which count their dead above a million each. The least that can be done here is to come to a realization of the responsibilities that come with wealth. Work is the true correction of things for a long time to come."

BRITISH WOMEN ON JURY

A recent London dispatch carries this story of British jurywomen. How soon will American papers carry similar stories of women jurors? They have been very rare so far in this country.

"Ladies and gentlemen of the jury," was the address of counsel heard for the first time in the history of English courts recently, when six women formed a part of a jury in the Bristol Quarter sessions. Six cases were tried, one of them being that of a man who was charged with assault. He was convicted and sentenced to nine months' imprisonment. All the women on the jury voted for his conviction after hearing the evidence.

"At the close of the day's session two of the women asked the court to excuse them from further service because of their home duties. The court granted their request, whereupon two other women in the room volunteered for jury service and were accepted."

"The prosecuting attorney congratulated the women jurors on 'at last taking their proper places in England.' He declared that justice also was furthered in women accepting jury duty."

Incorporated under the name of the Washington Theatre Company three women will give to Washington what it never has had a fine modern play house devoted to the spoken drama. They are Miss Katherine S. Brown, one-time owner and manager of the Parish Players of Chicago, who is president of the company; Mrs. Glenna Smith Tinnin of Washington, vice president and treasurer, and Mrs. Mary H. Kinkaid a newspaper woman and play broker secretary.

The site has been selected and plans have been drawn for two theaters, one especially for children, and a concert hall under one roof. They are to be equipped with every modern device which contributes to the illusion of the world of make-believe.

Since all interests of the country focus in the national capital, Washington has been selected as the logical place in which to establish a center where the best in the American theater can be developed. The Washington Theatre Company is to have its own producing organization but also will be used for presenting plays from other sources. Pending the completion of the building the company will present plays through the existing channels. The program already includes three children's plays and a musical review. "Such Things Are" which has been tried out for a year on tour and will go to New York from Washington. The incorporators have had wide professional experience have the co-operation of the Actors' Equality Association and have business connections with other important organizations.

GIRLS CLING TO WAR JOBS

During the war Washington was so filled with women "war workers" that it could not begin to provide comfortable quarters for all of them. The lived four in a room, in many cases five or six in a two-room apartment. When the armistice was signed it was predicted that there would be an exodus from Washington that would cause rental agents to lower their prices.

But such was not the case. The "war workers" refused to leave and 20 months from the signing of the armistice there is no visible increase in the number of available living places. Although the rolls of the government departments might show that thousands of the workers were separated from the government payrolls during that period, it remains a fact that there are nearly as many war workers there now as during the war.

This is said to be due to the fact that the "war workers" almost entirely girls between 18 and 35 years of age once having a taste of Washington at good wages and easy hours, refused to think of going back home to ten hours a day \$15 a week and the eyes of the village chaperons. They have been living in Washington as they pleased.

Truly it is a grand life for the "war worker" who has fixed her

status as a permanent resident in Washington. She makes good money, spends it all but lives. It will take several years of getting nowhere to convince her that 10 a week or \$15 a week in the home town is more in the long run than \$25 a week in Washington.

MASONIC PICNIC OFFERS JOLLIFICATION TO THREE HUNDRED MASONS WEDNESDAY

Three hundred Masons and their families and friends sported in festive fashion at the annual picnic of the Lodge held at Kikare Park Wednesday.

An elaborate program of events was provided by the entertainment committee headed by Charles Cross as chairman and races, ball games, and contests furnished plenty of excitement to chase away the gloom.

The program was featured by the ball game between the "fats" and "leaves" and won by the fats by the score of 18-5. Roy C. Hayward hurried for the "fats" in true Walter Johnson form, while Lawrence Wagner, was the emulator of Ivy Wingo behind the bat. Fred Fisher pitched for the "leaves" and his offerings were much to the liking of the "fats." Brant Bell was the catcher for the skinnier tribe. The fats received a box of cigars for their striving in the hot sun.

Mrs. R. A. Tull was the winner of the maugany candle sticks in the balloon race, while Elizabeth Weingart was able to devour the most watermelon for which she received a pair of tennis shoes. Eleanor Mc Kay won first prize of a box of candy and Jane Hayward second prize of an ink pencil in the egg race. In the relay race the "fats" again carried off honors and the box of cigars by beating the "leaves."

Miss Miriam Hawkins won the nail driving contest and received a percolator while Mrs. William Downs won the second prize of two pounds of coffee. Wilbur Strowbridge got himself covered with pie but he won the prize of one dollar offered in the pie eating contest. Thomas Moore was winner of the box of candy in the 50 yard dash for boys. The rooster races furnished plenty of excitement. J. C. Denham, Mrs. R. A. Tull and Thomas Moore each carrying one of the roosters. In the potato race, Marian Moser won a pair of rubber heels by taking first place while Miss Frances Bica was second.

In the evening, dancing, for which music was furnished by the park orchestra, featured the entertainment and there were a number of dancing contests to enliven the evening. In the prize waltz for married couples, Mr. and Mrs. Fred Coy won the first

prize of a \$500 fire insurance policy and Mr. and Mrs. Fred Fisher won second place and a five pound can of lard.

In the prize two-step for married couples, Mr. and Mrs. R. A. Tull were winners of first prize a \$500 fire insurance policy and Mr. and Mrs. Jacob Kany won the five pound can of lard. Earl Remley and Miss Florence Mitchell were winners in the prize waltz for single couples. Miss Mitchell being given a rug and Mr. Remley a tie. In the prize two step for single couples Robert Owens and Lucille Denham won the prize, Robert receiving a pair of cuff links while Lucille was given an order for a pair of half soles.

Mr. and Mrs. Roy C. Hayward were prize winners in the contest for the best all around dancers, receiving an electric reading lamp and second prize went to Mr. and Mrs. Charles Fisher, they receiving six Brunswick records. For the best all around dancers among the single couples Lawrence Currie and Miss Louise Baldwin were prize winners. Miss Baldwin receiving a cake and Mr. Currie a tie.

The picnickers brought basket lunches which they spread on the grass at the park at six o'clock. The picnic was one of the most successful ever held by the lodge.

ESSEX

San Francisco to New York 4 Days 14 Hours 43 Minutes
3347 Miles

Lowers Transcontinental Record by 12 Hours 48 Min. Another Essex Going From New York to San Francisco Broke the Record For That Direction by 22 Hours 13 Min., Completing the Trip in 4 Days 19 Hours 17 Minutes

So Essex Holds the Transcontinental Record Both Ways

Two Essex touring cars, carrying U. S. Mail, each one making the entire trip between San Francisco and New York, have set the time records for their respective directions across the American continent.

And thus comes to Essex another distinction for reliability and endurance.

Except for one airplane record, these two Essex cars have crossed the continent in less time than was ever recorded by any travelling machine. The fastest time possible between San Francisco and New York by train is slightly less than the time taken by the light weight economical Essex. But in the case of the railroad train, many different locomotives are used, each pulling the train only a few hundred miles.

From Cheyenne to Omaha the route taken by the Essex was 43 miles longer than the 550 mile route of the famous Overland Limited yet the Essex time was but one hour longer than the express train time.

The World's Most Coveted Records

From the days of the Prairie Schooner, the Pony Express and the completion of the railroads men have sought to establish new transcontinental time records between the Atlantic and Pacific oceans.

It has called for the highest development of skill and courage. And it has, as in the case of the motor car, blazed the way to mechanical reliability.

The purpose of this Essex test was to prove its reliability. In the period of 114 hours was crowded more strains, more calls for endurance and mechanical strength than the average owner demands in a life time.

Every requirement of motor car performance was met by these two cars. And the fact that they so consistently met their tasks proves Essex uniformity.

The speeds at which they traveled were not so unusual, for another Essex stock car had on a speedway track gone 3037 miles in 50 hours. But in the transcontinental runs, some 350 cities and towns had to be crossed. Crowded traffic imposed its obstacles to consistent going. Mountain ranges in the East and West with grades such as the average driver never encounters, called for the utmost of hill climbing ability.

Few will ever motor all the way across America and therefore cannot know the extreme varieties of conditions encountered. But let each reader apply to his consideration of what Essex has done, every experience he has ever met in his own driving. It will give some appreciation of Essex reliability.

Light Weight Now Establishes Reliability

How gradual have men come to a realization that a light weight car can also offer reliance and performance.

Essex has led the way for that was its purpose from the very first. Economy is of growing importance. Men want to save in fuel and in first costs. But they want no sacrifice in performance and they demand unquestioned reliability.

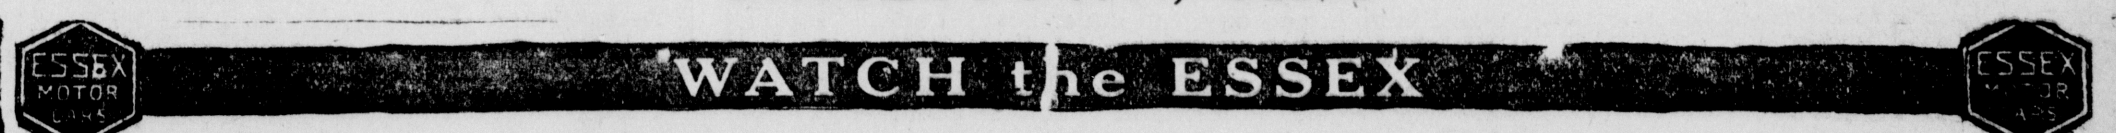

Essex offered itself to the public without claim. Now more than 40,000 owners know and praise its worth.

Owner cars that had been driven upwards of 25,000 miles were used in the recent nationwide Essex week to establish reliability, economy, speed and hill climbing records.

To Essex owners the winning of the transcontinental records is not a surprise. But those who do not know Essex performance and reliability must regard that these two trips across the continent are as important in marking mechanical advancement as any similar event in the history of the motor car.

DAYTON TRIANGLES HOLD BROOKLYN TO ONE RUN WEDNESDAY

Although the Brooklyn Dodgers may be battling with the Cincinnati Reds for leadership in the National League, Al Leake, hurler for the Dayton Triangles, held them to one hit in their exhibition game at Dayton Wednesday afternoon, and the big league outfit was able only to secure one run off the veteran semi-pro, the final score being 1-0.

The one run scored by Brooklyn was pitched off in the initial stanza when the Triangles were yet a little nervous. Johnston opened with a hot grounder, that Melby, committing his only error of the pastime, failed to handle. Neis soared to Carson but a passed ball with Johnston on second allowed him to score on Wheat's single. After the scoring was over Rube Marquard started the fracas for Brooklyn and Miljus and Mohart were on the mound before the fracas ended. Al Leake, the veteran, pitched a whale of a game, two of the five hits scored off his delivery being scratches and four of them came in the first three innings. The one run run was unearned but after the third there was no chance for another score, the veteran using perfect control and never getting into a hole. The contest was a perfect exhibition game for the 3,000 fans who attended.

TAKES 2:18 TROT IN STRAIGHT HEATS

and taking the Hotel Bancroft \$1,000 stake, 2:24 pace straight heats with Sapho.

"Spec" did not have an easy time of it in either race as St. Patrick the Great made him step in the first two heats of the 18 trot while Trumpator and St. Patrick helped furnish a thrilling finish when Arion took the final heat. Sapho was the favorite in the 24 pace, and Dick Volo and L. D. were the runner ups. Volo and L. D. were the runner ups. Volo and L. D. were the runner ups.

Loofburrows's Gay Boy was winner of the 24 trot. A record crowd was in attendance at the Fair and at the races, the crowd being about twice the size of the second days crowd last season.

SAYS HIS PRESCRIPTION HAS POWERFUL INFLUENCE OVER RHEUMATISM

Mr. James H. Allen who suffered for many years with rheumatism. Many times this terrible disease left him helpless and unable to work. He finally decided after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body. With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system. He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Sayre & Hemphill have been appointed agents for Allenhu in this vicinity with the understanding that they will freely return the purchase money to all who state they received no benefit.

Make your silk underthings really last

YOUR soft satin chemises, crêpe de Chine nightgowns, frilly petticoats. Ribbons and lace and chiffon to your heart's content—only do take care of them. Wash your silk things the gentle Lux way and see how long you can make them live!

It is perspiration that is the great enemy of silk. It actually eats the delicate silk fibre. Every minute that rather expensive camisole spends in the hamper is making its precious life that much shorter, turning its dainty pink such a sad yellow.

Don't let your nice silk things be ruined! It is so quick, so easy to save them with Lux. Just soaping in the pure bubbling suds and pressing of the suds through the soiled spots.

Dip your silk underwear in Lux suds after every wearing—it will last three times as long! Your grocer, druggist or department store has Lux. Lever Bros. Co., Cambridge, Mass.

Be so delicate as Lux for silk underwear

How you should launder silk underwear

Whisk one tablespoonful of Lux into a lather in very hot water. Add cold water till lukewarm. Press suds through—do not rub. Rinse in three lukewarm waters. Squeeze water out—do not wring. Roll in towel. When nearly dry press with a warm iron, gently shaping glove silk or georgette crêpe.

This Miller Cord Tire has run 22,000 Miles On a Heavy Truck

22,000-Mile Tread And Why They Are Exceptions

Worn Miller Tires are often exhibited with some sign like above.

Countless letters also reach us telling such mileage tales.

These are very pleasing. But we don't want users in general to expect miracles from Millers.

Service to Expect

Expect from Millers greater service than from any like-type tire. And 19 times in 20 you will get it.

Expect it to outserve any tire you put opposite, and it almost invariably will. Expect twice the mileage tires gave a few years ago, and they will doubtless do still better.

Expect tread wear 25 per cent better than from others and you'll not be disappointed.

But don't expect that Millers, under all conditions, can match some exceptional mileage.

Why Mileage Varies

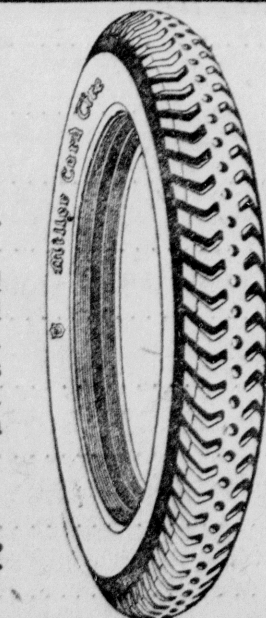

A Cord Tire gives vastly greater service than a Fabric Tire.

An oversize tire will vastly excel a tire that is undersize. Care, load and roads affect tire service greatly.

Millers are uniform tires. That is a major reason for their supremacy. But uniform tires will vary with conditions.

Tread Patented

Center Tread smooth with suction cup, for firm hold on wet asphalt. Geared-to-the-Road side treads, mesh like cogs in dirt.

What Our Tests Show

We run tires at our factory ten million miles a year to make these service tests.

These are radical tests. Tires are run constantly, night and day, and under heavy load. We want quick comparisons.

On our testing machines Miller Cords average 15,000 miles, and Fabrics about half that.

But these are not mileage records. We are running Miller Tires against high-grade rivals to prove that Millers last best.

Be Satisfied With This

You will get on a Miller an exceptional tread. It is by 25 per cent the best tread made.

Not one Miller Tire, made under present methods, has ever come back with the tread gone.

You will get uniform tires. Every Miller Tire is signed, both by maker and inspector. Every man knows that a faulty tire means a penalty for him. And faults are extremely rare.

You will get greater mileage than from any tire you put on the opposite wheel. That is so nearly universal that we will stake your favor on any single test.

But you will get the best tire built today. There are hundreds of thousands who know that.

When you buy a new car insist on Miller Tires. Twenty car makers now supply them and there is no extra charge.

NEW FALL FASHIONS

The Suits The redingote style and the short box coat in Suits are very much favored. In some models a decided hip fullness is featured in the suit coats.

The fabrics that are especially good are Velour de lain, Peachbloom, Silvertone, Duvelyn, Goldtone, Tinseltip, Tricotine, Serge and Tweeds.

Some of the models are plain tailored and decidedly smart, others are trimmed in such furs as Hudson Seal, Squirrel, Nutria, Beaver, Australian Opossum and skunk.

The prices range from\$29.75 to \$150.00

The Coats The long straight silhouette and unbelted effects are very good in the Coats. The predominating type of collar is the Cape Collar style. These vary in style, some reaching to the waist. All the belts are narrow and made of fabric, sometimes only showing in the front.

The fabrics favored in the Cloth Coats are Chamoisene, Peachbloom, Chaneleon Cord, Velour, Bolivia and Mixtures.

Embroidery, stitching and narrow braiding take a prominent place as a trimming on the coats. The furs used are Nutria, Australian Opossum, Hudson Seal and Mole.

The prices on the Cloth Coats range from\$16.50 to \$125.00

Then there are the Coats of Plush and Simulation Fur, the fabrics of which are Nishi, Polarkin, Furist, Prybiloff, Hudson Bay and Ungava. These have handsome collars and cuffs of Squirrel, Austrian Opossum and Beaver.

The prices range from\$49.50 to \$175.00

SMART DRESSES FOR AUTUMN

The most popular materials for the Silk Dresses are Kitten's Ear Satin, Charmeuse and Tricotelette. They are moderately priced at ..\$25.00 to \$59.50

The Cloth Dresses are made of Silvertone, Tricotine, Serge and Checked Velour.

The straight lines are featured, some of the skirts being plain others pleated, priced at ..\$16.50 to \$49.50

SMART WOOL SKIRTS

Wool Skirts in handsome plaids and checks, plain and pleated models\$6.95 to \$22.50
Navy Blue Serge and Tricotine Skirts, plain and pleated models\$9.95 to \$19.75

MODISH FALL MILLINERY

HATS OF VELVET, DUVETINE AND THE POPULAR FEATHER HATS are largely shown. Both small and large shapes are favored, some having a smart rolled brim. The brim facings are very clever.

Tinsel Trimmings and Crowns, Ostrich Fancies, Pin Ornaments, Embroidery and Hand-Work are the keynote of all the hats shown for early fall wear.

FOR THE TINY LADIES we are showing some very good looking Felt School Hats. These range from\$1.95 to \$6.95

DINNER STORIES
"What brought you here, my poor man?" inquired the prison visitor.
"Well, lady," replied the prisoner. "I guess my trouble started from attending too many wedding's."
"Ah! You learned to drink there, or steal, perhaps?"
"No, lady; I was always the bridegroom."

Mrs. White looked up from the paper.
"One wife too many!" she exclaimed. "I suppose that is another case of bigamy?"
"Not necessarily, my dear," replied her husband sadly.

A teacher was reading to her class, when she came across the word "unaware." She asked if any one knew the meaning.
One little girl timidly raised her hand and gave the following definition:
"Unaware is what you put on first and take off last."

A certain young actress had a small part in a "war" drama—a very small part—and she was not satisfied. So one morning, after rehearsal, she set out to interview the boss.
"I have only one line in the first act," she pouted, "and but one in the second. Couldn't you give me a line for the third act, also?"

The actor-manager thought for a moment. "Well, yes," he replied. "When the bombarding scene is on and the hero is crouching in his dugout you may enter and say, 'Here is a dud.'"
"Oh, thanks!" she exclaimed. "And do I bring an unexploded shell on the stage with me?"
"No," answered the actor-manager. "It's not a speech, my dear; it's a confession."

WAR MATERIAL SEIZED
Vienna, Aug. 19.—A Danube gunboat seized a barge outside Vienna, which was conveying machine guns, and ammunition. The war material was alleged to be French and was said to have come by way of Bavaria to Roumania for shipment to General Baron Wrangel, anti-Bolshevik leader. The cargo was confiscated.

CAPITAL REDUCED ONE-THIRD
New York, Aug. 18.—The capital of the United States Grain Corporation was reduced from \$150,000,000 to its original \$50,000,000 at a special meeting of the board of directors in accordance with an executive order signed by President Wilson Aug. 18 last.

HEART AND HOME PROBLEMS
BY MRS. ELIZABETH THOMPSON
Dear Mrs. Thompson: I am a widow eight years old and considered very beautiful. I have four children, the youngest being two years old.
I am deeply in love with a young man about my age who is also married but cares nothing for his wife. He has a lot of money and offers me money every time I am in need. Would you advise me to take money from him? I am in doubt whether to do so or not.
He says he will get a divorce and marry me if I will consent, but I want to do the right thing. Do you suppose he does actually care for me?

AMERICAN BEAUTY.
You ought to have known before writing that I would say not to take the money. Such a thing would be dishonest because you would be accepting what rightfully belonged to another woman.
The man shows he cannot be trusted or he would not make love to you as he does when he is married to another woman. You are not doing right as long as you see him. Give him up entirely and you will be happier in the end. You have no reason to know that his love for you will be any more lasting than his love for his first wife.

Dear Mrs. Thompson: Do you think that it would be possible for a girl who knows absolutely nothing about music to learn to dance?
When a fellow who has been going with a girl for some time calls, which one should suggest his leaving?

Should the girl always tell him that she has had an enjoyable evening?
It is not necessary to understand music to learn to dance. The young man should know when to go home, but if he stays later than he should the girl's mother, father, or she herself should say that it is late as she

can entertain a caller.
When a young man calls it is his place to say that he has had an enjoyable evening and not the girl's.
Dear Mrs. Thompson: I am a young man of twenty-one and go with a young girl of eighteen. I love her dearly and she loves me the same. She is not stuck up and dresses plainly, the same as I do. She has a fair reputation, the same as I have. But my parents object to my going with her for some reason or another of which I do not know.
Please tell me what I can do—obey my parents or keep on going with her? I stay at home and pay board and work every day.
O. K.

I believe that at your age you should give heed to the opinion of your parents. They may know instinctively that you and the girl are not suited to each other. Keep her as a friend if you want to, but don't propose marriage for a year at least. You need time to test your regard for her.
Dear Mrs. Thompson: I have a very high temper and I have very few friends. If everything doesn't go my way I get angry. Please tell me what I can do to conquer my temper.
WONDERING.

You seem to lack will power. Of course you cannot have friends when you hurt them with sharp words. I should think that you would learn from experience and see that it is easier to bite your tongue and keep still than to say whatever comes into your mind and thereby lose a valued friend. To want to control your temper is the first step. Now you must put into action your desire. The next time you are cross close your mouth tight. Every time you control yourself you are making it easier to do so in the future.

FRECKLES
Don't Hide Them With a Veil; Remove Them With Othine—Double Strength
This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.
Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.

PESKY BED BUGS
(Pesky Devils Quietus) P. D. Q. is a new chemical that puts the oversteering to rest. It kills bed bugs, roaches, ants and cockroaches—impossible for the pesky devils to exist where P. D. Q. is used.
Recommendations of Hotels, Hospitals, Railroad Companies and other public institutions are a guarantee to the public that the safest, quickest and most economical way of ridding the pesky insects is by the use of P. D. Q. as this chemical kills the eggs as well as the live ones, and will not injure the clothing.
A 15c package makes a full quart, enough to kill a million bed bugs, roaches, fleas or cockroaches—and also contains a patent pump to get the egg nests in the hard to get-at places, and saves juice.
Special Hospital size \$2.50 makes five gallons—contains three spoons—supplied by druggists or sent prepaid upon receipt of price, either size, by the Owl Chemical Co., Terre Haute, Ind.—never peddled.

Sold by Sayre & Hemphill, D. D. Jones and other leading druggists.

How to Judge a Phonograph
Follow This Way of Brunswick Owners

Before you buy a phonograph, we suggest hearing several. It will be to your advantage to make tone tests for yourself.
Please do not think that this is difficult or that it takes a musically trained ear.
In over 300,000 homes, music lovers enjoy The Brunswick because they have followed the above advice. Critical people have chosen Brunswicks because they have come to appreciate the betterments afforded by the Brunswick Method of Reproduction.
You need only hear The Brunswick play several selections—you need only compare it with one or two other phonographs and you will appreciate the tone qualities brought about by the Brunswick Method of Reproduction.

DROP IN SUGAR PRICE BRINGS JOY TO CONSUMERS

Sugar at 19 cents a pound! This is the price offer that is bringing joy to housewives, facing the canning season.

The big drop in sugar came this week with a reduction of six cents from the ceiling price of 25 cents a pound which has prevailed all summer.

The new price is a reduction of 11 cents over the high water mark of 30 cents for which the product was selling during the spring, when it reached its highest point. Later the sugar dropped to 25 cents a pound where it stood all summer.

Several local grocers were losers on a deal by which they purchased sugar for a rise early in the summer, when the product bid fair to reach 40, 45 or possibly 50 cents a pound. With the unexpected drop the bottom fell out of the proposition and the sugar is being sold at a loss at 19 cent a pound.

Speculation is believed to be the cause for the price drop in sugar. "Money is tight" is now a common expression and it is believed that this phrase is the key-note to the sugar price situation. Speculators are selling for the cash. The housewife, who has been going into the canning season with prospects of paying a price of 25 cents or more for sugar or else not canning anything this season, is rejoicing over the drop and sugar is selling fast and furious locally.

BELLBROOK

The Seventh annual reunion of the Wright and Gregg families was held Sunday at the home of Mr. and Mrs. John Scott near Mt. Holly, about sixty members participating. It was formerly arranged to hold the event in the grove near the residence, but unfavorable weather conditions made it necessary to abandon the first arrangement and the gathering was compelled to congregate in the house which made it less convenient to the limited amount of space. As on former occasions the tables were packed to the breaking down point with all conceivable kinds of food. After all had done ample justice to their appetites, they betook themselves to the lawn near by where a good social time was enjoyed in pitching quoits and the rendition of an interesting musical program. Before adjournment an election of officers was held and the following persons were selected to serve for the coming year: President Frank Wright; vice president J. N. Roberts; Secretary, C. A. Gregg; Treasurer, A. H. Moore. The reunion next year will be held at the home of the Roberts family, 1246 Phillips Ave., Dayton, on the third Sunday in August.

Following is a list of those present to enjoy the occasion. Mr. and Mrs. Edward Stuck, Mr. and Mrs. Frank Wright and son Carl, Mr. and Mrs. Carl Thomas, Mahlon Hawes and family, Mr. and Mrs. J. A. Roberts, C. A. Gregg and family, Mrs. J. C. Grubb and granddaughter, Mrs. Louie Burghmaier, and family, Mr. and Mrs. Charles Anderson and children, C. A. Moore, J. D. Norris and family, C. M. Huston and family, Mr. and Mrs. Frank Rogers, Robert Stiles and family, Sherman Rogers, Enos Rogers, John Wright and daughter Francis, Lenore Wade and family, Mr. and Mrs. William Neal, Mr. and Mrs. Jacob Scott, Laura and Ida Roberts, Mary Nichols, Lewis Leonard, C. A. Kappeler Lawrence Pope, and Mr. and Mrs. John Scott.

TESTED RECIPES

Cooking a Fat Chicken and Making Gravy.—Use a yearling hen, or it can be two or three years old (they are reasonable now). Purchase one that is fat, they are always tender if cooked long enough, usually three or four hours. Cut up and cook in plenty of water, salt, let cool, then skim off the greasy part of fat.

Drain chicken, roll in flour, place frying pan on stove, in it put three tablespoons chicken fat, saving butter. When hot put chicken in to fry. Fry slowly, when nicely browned remove. Pour in the liquor that chicken was cooked in, boil and thicken. Break your baking powder biscuits open (do not cut them), pour your rich brown gravy over them and serve.

Put a pinch of baking soda in chicken gravy first, before removing from the stove; this distributes the fat. In all fat meat gravy use a pinch of soda and you will be pleased with the result, as it distributes the grease that usually floats on top.

Red or Black Raspberry Whip (can use either berries)—Whites of

two eggs, two heaping cups berries, two cups powdered sugar.
Beat the whites of eggs until frothy. Sift in the sugar gradually, crush berries, beat into the sugar and egg. (Use whites next day for custard.) Serve with cake.

Chicken Fat Cake.—One cup of sugar, three tablespoons chicken fat (no salt), one egg; beat and add one and one-half cups milk, flavor vanilla or orange. Sift one and one-half cups flour; bake in a loaf.

This is a fine cake and the use of the chicken fat is a saving. (Use chicken fat in cookies instead of butter or lard.)

Cabbage Salad.—Two tablespoons shredded cabbage, mix light brown sugar, weak vinegar and salt and pepper together, pour over cabbage. This is quickly made and is a nice salad.

HOT WEATHER DESSERTS

Peach Frappe.—Pack a can of sliced peaches in mixture of salt and ice for two hours, open can turn into dish and serve in frappe glasses with garnish of marshmallow whip, covered with finely chopped nuts and sprinkling of sweet chocolate (grated).

Pineapple Surprise.—Pack can of crushed pineapple in mixture of salt and ice for two hours. Serve in frappe glasses and garnish with whipped cream; sprinkle with cocoanut and pieces of orange rolled in powdered sugar.

To Poach Apples.—Place one cup of white corn syrup, one cup sugar, one-half teaspoon extract cinnamon and one-half teaspoon extract nutmeg in a deep sauce pan that has a close-fitting lid. Now add six or eight apples and heat slowly to boiling point; let simmer very slowly, turning the apples frequently until clear and tender; boil the syrup after removing apples to reduce.

"JUST A GIRL"

BY JANE PHELPS

MISS WILCOX PUTS ZENA WISE Chapter 94

The next day Miss Wilcox came into the office where I was transcribing my letters, dictated to Mr. Claxton, and remarked:

"Want me to put you wise?"

"Wise to what? I don't quite understand." I didn't understand at all; but remembering the day before, I tried to be tactful.

"Wise to the place and—the boss! If he likes you it is an easy place enough. The hours are short. But don't let Betts get down on you. He's the one man in the place who hires and discharges all of us, and he does it for nothing sometimes. So watch out. You never can tell when he is going to turn you off for some other girl—usually a good looking." She spoke rather bitterly.

"You have nothing to fear on that score," I returned. She was a remarkably pretty girl, altho overdressed. She had a good education also, yet at times was far more ungrammatical and slangy than Mary was now.

"I'd have gone long ago if I hadn't been good-looking," she confessed. Then, "Why don't you wave your hair and comb it down over your ears more? Its awfully old-fashioned the way you wear it."

"I have always worn it this way. My father liked it so," I replied just as some one called her, so relieving me of her unbecoming confidences, and advice.

What Miss Wilcox had said about Mr. Betts made no impression upon me. I was not working for him, but for Mr. Claxton. Should the manager discharge me I should demand to know the reason, not meekly walk out to give some better looking girl my place.

When I told Mary, she said: "She's jealous of you! Didn't I tell you she was a cat? Is she good-looking?"

"Very, and would be much more attractive if she wasn't overdressed. She tried to tell me how to comb my hair."

"The dickens she did! The nerve of her! You're too good-looking, too refined to be much of a pet around any office. You sure are if the girls are setting their caps for the unmarried men around. Are they all married?"

"I haven't the slightest idea. From something she said I have a notion she cares for Mr. Betts."

"Is the high mucky-muck married? That Mr. Claxton?"

"I'm sure I don't know, nor care. What difference does it make whether he is married or not? I am hired to take his letters attend to office work not to keep house for him."

"I know, Zena, and you needn't get huffy. But remember, I was a working girl long before you knew anything about it. Most of the time it don't make no difference whether the boss is married or not. They flirt with a pretty girl just the same. But it makes a lot of difference whether the girl is the right sort or not. I'll bet a nickel's worth of pancakes that your Mr. Claxton ain't married, and the Wilcox girl is setting her cap for him."

I laughed merrily. I was happy because I had secured such a nice place, and Mary's peculiar ideas amused me.

"Girls who work are too busy to think of flirting," I told her. "You should have heard me telling Mother that I know no one but you and Mrs. Fagin. She couldn't understand why I had no young men calling on me, bringing me bon bons and flowers as they used to when I didn't need them."

"Ain't it the truth! When you don't need things you have them. When you do, you don't! It's a case of them that has, gets, and them what ain't got nothing gets left! But honest Zena, most working girls look out for the main chance."

"Tell me more about the manager?" she asked after a bit.

"Oh, he likes pretty girls in his office can he He can't be blamed for that, can he?"

"I knew there was a worm in that raspberry, a nice bitter one. He'll be making love to you pretty soon, and if you don't stand for it, you're fired. Out you'll go!"

I laughed again at Mary's expressions. I knew that there were fine business men, moral and good, like Dad. I had begun to realize there were some of the other sort, too. But I thoroughly believed the fine characters predominated.

I hated to think otherwise. Dad had been a business man.

RESUME SELLING ICE

Dallas, Aug. 19. — The ice companies which discontinued deliveries last Saturday in face of threatened charges of profiteering unless they met the demand of federal officers that ice be retailed at 65 cents instead of 80 cents resumed delivery selling at the reduced price.

DINNER STORIES

"Johnny," said his mother, "you haven't washed the back of your neck. You ought to be ashamed of yourself."

"What for? I can't see it."
"But other people can."
"They can't unless I turn my back on 'em. And you always told me it was impolite to do that."
"Ethelbert, I have no use for that young blither; he yawned three times while I was talking to him."
"He wasn't yawning, my dear; he was merely trying to say something."

"I understand you said I didn't have enough sense to come in out of a shower of rain," said Dubson.
"I did not," replied Gadspar.
"What did you say, then?"
"I merely remarked to a friend of ours that if there was a tax on brains the government would owe you money."

"I'm going to get you another chair for the kitchen, Norah."
"Sure, I don't need it, ma'am."
"But you have only one."
"One's enough, ma'am."
"But you have company some evenings, don't you, Norah?"
"Only gentlemen, ma'am!"

Three little girls received each a silver spoon as a gift, and they were bragging about them.
"Mine," said one of them, "says 'From Papa' on it."
"That's nothing," said the second. "Mine says 'From Your Loving Papa'."
"Mine," said the third, with a superior air, "says 'Hotel Washington'."

NO SNOW ON MARS; WHITE SPOT A HILL, SAYS FLAMMARION

It is not snowing on Mars, according to Camille Flammarion, France's veteran star gazer, who has taken up the scientific cudgels against American and British astronomers who thus explain the reappearance of the vast white spot on the planet. M. Flammarion says it is summer now on Mars, and also ridicules the idea that Martians have found a new method of signalling the earth. The savant contends the spot is merely a plateau higher than Tibet which has not been seen since 1870, due to atmospheric obscuration.
